### **IV. Przeczytaj tekst i odpowiedz czy zdanie jest prawdziwe (TRUE), fałszywe (FALSE), czy informacja nie została podana (NO INFORMATION).**

Arctic foxes live in all regions of the northern Arctic. Although they are also known as white foxes or snow foxes, their fur isn't always white. In the summer, the colour of Arctic foxes fur is usually brown or grey. They turn white in the winter.

White foxes have small ears but their hearing is excellent. They can locate an animal from under the snow! They also have one of the warmest fur in the world. They can survive in temperatures as low as -70°C! They live for about 3 to 6 years. Unfortunately, Arctic foxes are critically endangered- it means that in the future they can completely disappear from our planet.

**16. Arctic foxes, white foxes and snow foxes are three different kinds of foxes.**

- a) TRUE                      b) FALSE                      c) NO INFORMATION

**17. In the summer white foxes aren't white.**

- a) TRUE                      b) FALSE                      c) NO INFORMATION
